## PROFILE SUMMARY

Senior Flutter Developer with 8+ years of software development experience and 5+ years building and shipping production-grade Flutter applications across fintech, e-commerce, and consumer platforms serving 1M+ users. Expert in Clean Architecture, MVVM, scalable state management (Bloc, Riverpod, Provider), secure API integrations, and performance optimization across iOS and Android.

## EXPERIENCE

### Senior Software Engineer | WesionaryTEAM

Apr 2024 - Present

- Lead architecture and development of scalable Flutter applications using Clean Architecture and Bloc.
- Built internal CLI tooling for Flutter project generation (DDD + Bloc), reducing boilerplate by 40%.
- Designed secure authentication flows and integrated RESTful APIs for production systems.
- Collaborate with backend teams to define API contracts and ensure seamless integration.
- Implemented CI/CD pipelines reducing release cycle time by 50%.
- Conduct code reviews and mentor junior developers to improve engineering standards.

### Team Lead / Sr. Mobile Application Developer | Kodiary Technologies

Feb 2019– Mar 2024

- Led end-to-end development of 8+ production-grade Flutter applications across fintech and e-commerce domains.
- Scaled applications to support high user growth while maintaining performance and reliability.
- Engineered robust state management systems and modular feature-based architecture.
- Integrated payment systems and sensitive financial data workflows with strong security practices.
- Reduced bug resolution time by 25% through structured review processes.
- Built automated release pipelines using Fastlane and Codemagic.

### Android Application Developer | Shiran Technologies

May 2017 - Jan 2018

- Developed native Android applications using Kotlin and Java.
- Integrated REST APIs for real-time data and location-based services.
- Reduced crash rates by 20% through debugging and performance profiling.

## TECHNICAL EXPERTISE

- Mobile Architecture: Clean Architecture, MVVM, Domain-Driven Design (DDD)
- Flutter & Dart: Advanced state management (Bloc, Riverpod), async programming, isolates
- Performance Engineering: Frame rendering optimization, memory profiling, crash reduction
- System Integration: REST APIs, WebSockets, secure authentication (JWT/OAuth)
- DevOps & Release Engineering: CI/CD pipelines, automated builds, store deployment
- Native Development: Kotlin, Java (Android internals understanding)

## Community & Contributions

- Published Flutter packages: public\_ip\_address, flutter\_phone\_dialer, flutter\_cell\_info .
- Active contributor to developer communities through open-source projects and mentorship.

## PROJECTS HIGHLIGHTS

### **Hallo – E-learning Platform**

- Built a scalable cross-platform app enabling seamless language learning for thousands of global users.
- Implemented real-time video and chat features and optimized performance, leading to a 30% increase in user retention.

### **Nepal Telecom – Telecommunication Management App**

- Developed and optimized features for account management, bill payment, and recharge services.
- Enhanced app performance and reliability, supporting millions of active users nationwide.

### **Namaste Pay – Digital Wallet**

- Designed and implemented secure, user-friendly transaction flows for payments and money transfers.
- Integrated biometric authentication and improved processing speed by 25%, resulting in smoother user experience.

### **SmartDoko – E-commerce Platform**

- Created a versatile mobile shopping experience with advanced search, filters, and personalized recommendations.
- Reduced load times by 20% and improved conversion rates through optimized UI/UX.

### **Sitedeck – Construction Management Solution**

- Developed a cloud-based platform to help teams efficiently track progress, manage tasks, and store project data.
- Automated reporting and improved data synchronization, reducing manual errors by 35%.

## EDUCATION

### **Master's in Computer Science**

Phoenix College (Lincoln University)  
2022 - 2024

### **B.Sc.CSIT**

Samriddhi College (Tribhuvan University)  
2014 - 2017
